*Unofficial English Translation*

Meraih gelar Bachelor of Science di bidang Biokimia dengan satu tahun di bidang Industri dari *Imperial College London*, Inggris, pada tahun 2016. Beliau terpilih sebagai *Forbes 30 under 30 (Eropa 2019)* di bidang Manufaktur dan Industri sebagai salah satu *Co-Founder Puraffinity*, sebuah teknologi start-up yang telah mengumpulkan pendanaan lebih dari \$17 juta. Ventura ini juga telah mengakuinya sebagai finalis penghargaan *Innovate UK 'Women in Innovation'* tahun 2016, dan penulis serta pemilik makalah dan paten di bidang biomaterial.

Memulai kariernya di Japfa Ltd (induk perusahaan PT Japfa Comfeed Indonesia Tbk ("PT Japfa")) sebagai *Business Executive* pada tahun 2016 dan dipromosikan sebagai *Head of Business Development & Strategy* pada Agustus 2022 yang bertanggung jawab atas perluasan jaringan dan kemitraan Japfa Ltd dan group (termasuk PT Japfa dan anak-anak perusahaannya) ("Japfa Group") terutama di bidang kesehatan hewan, digital, solusi teknologi biologis, dan mendorong inisiatif lintas divisi. Selain itu, beliau mengeksplorasi dan mengevaluasi potensi usaha baru baik di area pertumbuhan baru maupun operasi yang ada serta memfokuskan sumber daya untuk mendukung efisiensi teknologi dan inovasi dalam proses operasional saat ini.

Ibu Gabriella juga menjabat sebagai Kepala Proyek di PT Japfa sejak Maret 2024 dan sebagai *Deputy Head of Animal Health and Livestock Equipment* sejak tahun 2017, di mana beliau bertanggung jawab untuk meningkatkan proses dan sistem dalam bisnis dan inisiatif ekspansi utama ke produk baru, pasar dan teknologi. Sejak Juli 2023 sampai sekarang menjabat sebagai Direktur PT Vaksindo Satwa Nusantara (anak perusahaan PT Japfa, memproduksi vaksin hewan).

*Graduated as a Bachelor of Science in Biochemistry with a year in Industry from the Imperial College London, UK, in 2016. She was selected as Forbes 30 under 30 (Europe 2019) under Manufacturing and Industry stream as Co-Founder of Puraffinity, a deep tech start-up that has accumulated over \$17 million in funding. This venture has also recognised her as a 2016 finalist for the Innovate UK 'Women in Innovation' grant, and author and owner of papers and patents in the biomaterials space.*

*Started her career with the Japfa Ltd (holding company of PT Japfa Comfeed Indonesia Tbk ("PT Japfa")) as a Business Executive in 2016 and was promoted as Head of Business Development & Strategy in August 2022, which is responsible for the expansion of Japfa Ltd's and its group's (including PT Japfa and its subsidiaries) ("Japfa Group") network and partnership mainly in animal health, digital and biological technology solutions, and drives cross-divisional initiatives. In addition, she explores and evaluates new venture potential in both new growth areas and existing operations and focus resources to support technological efficiencies and innovation in current operational process.*

*Ms. Gabriella also holds the position as Head of Projects in PT Japfa since March 2024 and as Deputy Head of Animal Health and Livestock Equipment since 2017, where she is responsible for improving processes and systems within the business and key expansion initiatives into new products, markets and technologies. Since July 2023 to the present holds the position as a Director of PT Vaksindo Satwa Nusantara (subsidiary of PT Japfa, producing veterinary vaccines).*
